AUTHORS

KATALIN KALLÓNÉ CSABA is a PhD candidate at Corvinus University of Budapest. During her career as a banking professional she has worked in capital investment, market risk capital measurement, strategic risk management and internal auditing relating to investment services. She is currently head of credit risk, capital measurement and financial reporting.
csaba.katalin.corvinus@gmail.com

VIKTÓRIA KATONA is a sector analyst and manager. She has more than 10 years of professional experience in strategic and innovation management, project management and management consulting. She regularly lectures in innovation management at the Institute for the Development of Enterprises at Corvinus University of Budapest, and her field of research is the alternative financing of businesses.
viktor.katona.corvinus@gmail.com

LEVENTE KOVÁCS has degrees in economics (habilitation, PhD, MBA) and mathematics and physics (MSc). He is the Secretary General of the Hungarian Banking Association, head of the International Finance Department of the University of Miskolc, Deputy Chairman of the Asian Financial Cooperation Association (AFCA, Beijing), and a member of the executive committee of the European Banking Federation (EBF, Brussels). He is the author and editor of several books on finance. He conducts a widerange of professional and academic research (in the fields of banking operation, interest and commission, clearing and settlement, financial culture).
kovacs.levente@bankszovetseg.hu

ÁDÁM BANAI has obtained a master's degree in Investment Analysis and Risk Management at Corvinus University of Budapest and later a PhD degree at the Doctoral School of Business and Management of the same institution. He has been working at the Magyar Nemzeti Bank (Central Bank of Hungary) since 2008, heading the Directorate Financial System Analysis from 2017. His main research areas are assessing risks in the context of the domestic and regional banking system and research supporting policy making and regulation on the banking system. He has had several publications in renowned domestic and international journals.
banaia@mnb.hu

PÉTER LANG graduated from the Actuarial and Financial Mathematics Master's programme of Corvinus University of Budapest in 2015. He has been an analyst at the Directorate Financial System Analysis of the Central Bank of Hungary since 2014 where he is engaged mainly in stress tests and applied research projects in the field of financial stability.
langp@mnb.hu

BALÁZS VAJAI economist, graduated in 2002 from the International Business School, then continued his studies at the Budapest Corvinus University Part-time University Studies (specialising in finance). He has held positions in the area of risk management with several credit institutions, including K&H Bank, OTP Bank and Merkantil Bank. As of 2015 he was the head of risk management at NDIF, then chief analyst.
vajab@oba.hu

ISTVÁN TÓTH engineer, communications specialist. Graduated in 2000 from Szent István University, Faculty of Economics and Engineering, specialised in finance. Following that he worked for an international PR agency, and later joined Budapest Bank and Raiffeisen Bank, where he was responsible for media and PR relations. As of 2010 he has been responsible for NDIF communication, since 2015 he has been the Chair of the Communications Committee of the European Federation of Deposit Insurers (EFDI).
toth@oba.hu

ANDRÁS KÓMÁR economist, graduated from Corvinus University of Budapest, he received his law degree at the Pázmány Péter Catholic University, and currently he is the managing director of the National Deposit Insurance Fund. Previously, he worked in the Ministry of Finance, in the Hungarian Financial Supervisory Authority and in the Central Bank of Bank, specialising in money and capital markets and resolution. He is a PhD student at the Pázmány Péter Catholic University, and lecturer at the Department of the Financial Law at the same university.
komara@oba.hu

ANDRÁS SÜLYOK economist, graduated from Corvinus University of Budapest in 2012 as economic analyst, currently senior analyst of the National Deposit Insurance Fund. Previously he worked in the Central Bank of Hungary in the area of resolution proceedings.
